Total number prizes to be given away over 12 weeks = 38

Please note that some of these prizes are a single item, and some are a set of items. Only some of these above sponsored projects will be prizes for each week, not all of them. However, a much larger set of prizes will form the Grand Prize for a second Green Home Makeover in late July/ early August – see the separate list for this set of prizes.

See Terms and Conditions, and please note particularly that:

- All prizes will be delivered to the winner, but installation will depend on what the product sponsor has agreed to contribute (by way of arranging and funding installation) and also on the location and nature of the home. Therefore installation will be on offer in many cases, but it is not a certainty and it will only be confirmed once the Promoter has been in touch with the winner and established the details of their home situation. Where it is possible, the installation of certain prizes shall be undertaken by an installer on behalf of the prize sponsor. The aforementioned installer shall provide a standard installation in respect of such prize, free of charge. In all other instances the winner shall be required to undertake the installation at its own costs. The costs of any special or custom installation requested by a winner will be for such winners' own account.
- The Promoter, its directors, partners, employees, consultants, service providers, suppliers, contractors and sponsors assume no liability whatsoever for any direct or indirect loss, damage,

injury or disappointment arising from an entrant's participation in this draw or the acceptance of a prize. The product sponsors of the prizes, and not the Promoter, are responsible for any product guarantees or warranties and they are responsible for any product defect claims in line with the provisions of the Consumer Protection Act, 2008.

We would like to so thank you to our sponsors for genouresly providing these products.

WOOLWORTHS
